Graduating Class Celebrations

Values
Understanding, Mutual Respect, Justice, Equity, Friendship.

Policy
The St Clare’s school community encourages the final year of primary schooling to be a positive and spiritually fulfilling experience for students and their families. The final year of primary schooling is one that focuses on the transition to high school, while celebrating the milestones and friendships made during primary school.

Guidelines: Graduation celebrations contribute to lasting friendships, the faith and personal formation of young people, and to school and church identity and values. Graduation celebrations are privileges, that students who have fulfilled their responsibilities throughout the year, will be invited to participate in.

The graduating class celebrations and privileges are to be a balance between emotional, spiritual and physical activities and may include:-

- Graduating class shirt
- Leadership camp
- End of year function
- Farewell liturgy
- End of year excursion
- Presentation of a gift to the students

The above mentioned will be initiated by and decided upon by school staff and administration. Any extra additional celebrations/memorabilia are to be organised by parents in consultation with and on approval of the Principal. Any items that use the school name, image or logo will need to have approval of the school prior to use.
